THE MEDICRIME CONVENTION

- makes falsification a criminal offence
- fosters the effective prosecution of crime
- fosters protection of victims and witnesses

THE MEDICRIME CONVENTION ALLOWS TO

- bring the criminal individuals and organizations to justice
- seize proceeds from the crime
- protect public health

CRIMINAL OFFENCES ARE

- the intentional manufacturing, supplying and trafficking of falsified medical products
- the falsification of documents with the aim of deceiving
- the unauthorized manufacturing or supplying of medicines

Medicines falsification is not sufficiently sanctioned

For example, in France:

- 10 YEARS of imprisonment
- 750 000€

- 7 YEARS of imprisonment
- 75 000€

The falsification of medicines must be strongly sanctioned and repressed!
